Dear Mr. Feller:

Thank you for your telephone call regarding the letters we sent you on November 7, 2003, November 14, 2003 and a follow-up letter on December 31, 2003 concerning your notices UTU 070666 and UTU 070667. Those letters requested information that would enable us to resolve a discrepancy in the reclamation cost estimates submitted when you extended the notices and reclamation cost estimates calculated by our office. Since those letters, further instructions have been issued to our office on including administrative costs required in the reclamation cost estimates.

During our telephone conversation, you indicated you would like to reclaim portions of the disturbances associated with your notices and have the reclamation cost estimates re-calculated considering the lower administrative costs and discounting the reclaimed areas. We will be glad to accommodate you in this request. You requested an additional 30 days to perform the reclamation. Please call me when you plan to perform the reclamation. I will be glad to meet you on-site and discuss our expectation for the reclamation.

Unless I hear from you sooner, I will expect to visit the sites encompassed by the notices the week of March 1, 2004. At that

time I will determine the disturbed areas to be included in the re-calculation of the reclamation cost estimate and provide you with those calculations.

If you have any questions, please feel free to contact me at (435) 743-3125.

Sincerely,
